

# ANNUAL POLICING PLAN

For the Calendar year 2022-2023  
(Chapter-IV, Article-32 of Police Order-2002)

## DISTRICT NAROWAL

District Police Officer  
Narowal

## PREFACE

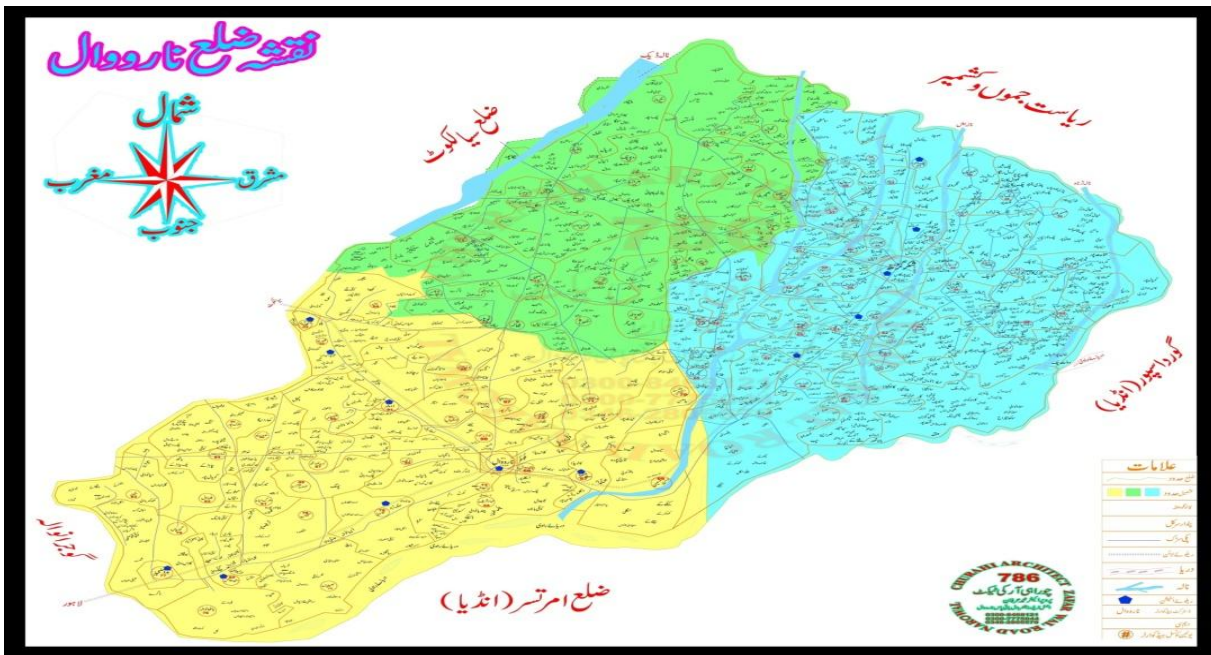

Divine Order laid down in the Holy Quran being supreme and perpetual has remained practicable in all the eras of human history and will remain so for all times to come. According to the Holy Quran the forces of evil will dip operating parallel with the good but they would never dominate the later which will come out victorious ultimately. Police crime fighters as they areal ways rise to the occasion whenever there is injustice or peace and order of the society is disturbed. Struggle of Police for triumph of good knows no bounds, which is illustrated in glorious martyrdom of innumerable police officers for preservation of peace and order in the society. District Narowal have special Honor and distinction in this regard as its top Policeman, Tayyab Saeed Shaheed, District Police Officer, exhibited unprecedented courage in taking the bull of desperadoes by horns and laid down his life fighting out crime. His martyrdom has left indelible mark on the policing history of the district. Generally, Narowal is a low crime area. But the last two decades or so have seen an unprecedented growth in crimes of almost all categories. Poverty, unemployment, economic disparities and skewed distribution of resources are the chief factors behind this crime surge. Geographical proximity with crime-infested districts Sialkot, Gujranwala and Sheikhpura is yet another factor promoting crime. Along with number, the pattern of crime has also undergone transformation i.e., from purely rural to somewhat urbanized one. The changing patterns in crime and overall shift in the structure of the society has added new dimensions to policing as well. Now the policing means much more than simple crime fighting. Increasing public awareness and growth of media has forced the Police to devise new ways and means to cope with new trends in public response to crime. The undersigned, soon after the assumption of the charge, particular attention has been focused on the arrest of hardened criminals. Revolutionary steps have been taken to improve the I.T based policing. I.T and PUKAR-15 has been much improved. Police Khidmat Centre has been established in this district to provide speedy services to the citizens. Although no particular area of the district may be categorized as crime infested areas yet, some parts of P.S Saddar Narowal, P.S Zafarwal and P.S Saddar Shakargarh may particularly be categorized as crime prone. Certain deterrent measures have been adopted to frustrate the vicious designs of the criminals. In this respect, patrolling in the urban areas and Thikri Pehra in the rural areas has been further intensified in order to thwart the onslaught of the criminals. The targets and priorities of the district Police particularly rapid response, community policing, morale boosting, accountability, busting of gangs and fight against terrorism will continue in the year 2022-23. I pray to the Almighty Allah to bless the District Police with more zeal and zest so that they may deal with criminals, terrorists and evil forces of the society with more devotion and dedication.

**(Anwar Saeed Tahir) PP**  
District Police Officer,  
Narowal.

## INTRODUCTION

In the year 1927 Narowal was established as sub-division of district Sialkot. On 1<sup>st</sup> July 1991, Narowal was elevated to the status of district. Total area of district Narowal is 2337 Sq. Km. It comprises on three Tehsils i.e., Narowal, Shakargarh and Zafarwal. It is surrounded from its Eastern and Northern sides respectively with the Indian territory of Gurdas Pur, Amartsar, Jumu & Kashmir and Northwestern and Southern sides with district Sialkot, Gujranwala and Sheikhupura.

District Narowal is adjacent to the Indian Territory and about 175 km boundary line segregates it from the Indian Territory. District police has close liaison with the Rangers as well as other intelligence agencies in order to prevent infiltration of saboteurs across the border. Due to the certain stringent precautionary measures no untoward incident of sabotage and religious terrorism across the border took place in the district. All the major events, which may jeopardize the law & order situation, have been tactfully and amicable resolved and resultantly the law & order situation remained well under control of district Police. Narowal is a non-industrial district. The main source of income of the people is agriculture. Agricultural holdings are small; therefore, the financial condition of the public is not solid. The youth segment of society is reluctant to follow farming as a profession. Since they do not find any alternative source of income, consequently they engaged in criminal activities such as theft, robbery, dacoity and motor vehicle snatching etc. Economic disparity breeds crime against property.

### COMMENTS BY THE DPO

The importance of policing in present rapidly changing environment calls for increased and efficient service to the people hence provision of appropriate security cover cannot be under estimated. Police Performance today is being assessed, evaluated, and analyzed by the demanding public and critical media. Therefore, it is essential that the traditional methods of policing should gradually be replaced by scientific and organized study of crime and in accordance with needs and expectations of the society. This paradigm shift in attitudes and methods is only possible if policing is not haphazard or wayward but is based on a well-considered plan focused on measurable targets along with the action plan to achieve the specified objectives. Police Order 2002 has made it mandatory for the Head of the district police to chalk out annual policing plan in the light of prevalent crime and visible trends by setting up measurable goals and objectives. It clearly determines priorities that shall be addressed during the next twelve months. These priorities have been set while taking into consideration a wide-ranging agenda for the district police with the aim of providing improved service for making Narowal district safer to the people. Our aim is to attain excellence for the Narowal Police by establishing rule of law, ensuring human rights, and providing relief to the citizens against the activities of the criminals. These objectives cannot be achieved by the police effort alone unless it is supplemented by wielding a meaningful Police-public co-operation. With limited resources, the Narowal police is striving to deal with multifarious problem and given the needed recourses it will give a better result of its performance during the next twelve months by providing better service delivery to the people and controlling increasing incidents of crime.
