COMMENTS BY CPO RAWALPINDI

Rawalpindi Police is facing unprecedented challenges of great severity and magnitude. The major issues being confronted by the District Police Rawalpindi are combating terrorism, fighting ever more desperate and better equipped criminals and trying to meet the rising expectations of the public. These issues affect administrative and operational priorities and strategic objects of the police. The Annual Policing Plan 2022-23 circumscribes all these thematic conceptions and makes recommendations based on our social and cultural norms as well as capacity of the police force. To reinforce our pledge for a balanced force, we have introduced modern concepts of policing as part of the curricula short courses at Police lines in the shape of training strategy. We intend to change the mind-set and abysmal state of police cultural at police station level by issuing policy guideline like free registration of cases, checking police access, code of conduct for police officer, guideline of Police Public Relations, Strategy to deal with Kidnapping for Ransom, Strategy to fight Street Crime. Our key performance indicators are based on innovative tools of control encompassing every area of policing. Our major concern is to prevent, restrict and retard the tide of rising crime, abuse of human rights and terrorism. We intend to transform police into a proactive organization and change its traditional Irish constabulary model to intelligence led policing in which every information is analyzed thoroughly, on the basis of statistical data and counter strategies are devised. Therefore, major responsibility for implementation rests with senior police command at district level. Rawalpindi Police is committed for transformation into a thoroughly professional, accountable and service oriented department delivering dynamic and effective law enforcement. We promise to continue the struggle to clean our district, of the criminals and terrorists who pose a serious threat to the life and property of the general public. We also remember the sacrifices of our Police Officers who offered their lives stem out the heinous crime which has blighted our beloved country. In this back drop, we have endeavored to prepare Annual Policing Plan 2022-23, to reset, revise and review our goals, objectives and targets to meet the challenges of the future.
