DISTRICT HAFIZABAD

District Police Officer
Hafizabad

INTRODUCTION

How was the foundation of District Hafizabad laid? In this context, three different references are quoted in the books of History. It is commonly, said that in the era of Emperor Jalaluddin Muhammad Akbar, there was no sign of population at this place, where now District Hafizabad is situated. Once King Akbar, came to this region for hunting and accidentally his water storage ran out. He ordered his army men to search water. During their quest for water, they saw smoke rising over some trees. They went there and found that a Dervish was absorbed in meditation. With due reverence and gestures, the soldier asked the Dervish for water. Dervish understood their gesture and asked them to take away the water-skin tied with the tree of Wun. The soldier hastily untied the water skin and presented it to the king; whereupon, the king inquired from the soldiers as to how they had found the water in the wilderness. The soldiers told him the whole story. The king was very pleased and ordered them to ask the said Dervish about his greatest wish and fulfil the same, upon which the Dervish asked them for the construction of a city. Hence the present city of Hafizabad was founded and was attributed to the name of the Dervish, Hafiz; the word "Abad" was added to it later on.

According to another reference, the very king visited this territory for hunting and went astray from his companions. During search for his companions, he felt very thirsty. Suddenly, his eyes caught sight of rising smoke. He took that way and noticed that a party (of devotees) had encircled a Dervish. The king requested for water, whereupon, a herd of female deer offered their milk. Thus, the king quenched his thirst with the milk of the female deer. The King thanked the Dervish and also asked about his greatest wish. The name of the "Dervish" was HAFIZ; so, in acknowledgement of his courtesy and hospitality, this city was named as Hafizabad. In the era of Mughals this region earned a great name. But during the reign of Ahmad Shah Abdali, it was devastated.

According to third tradition, this city was founded by Hafiz Muhammad Bhatti who was a courtier of king Muhammad Shah. He attributed the name of this city to his own name. During the Mughal regime, it flourished, but in the reign of Shahjehan, it fell a prey to their brutalities and remained deserted for some time. At last, left-over population re-established it. Most of the city was owned by Kapoor and Chopra family who migrated to India in 1947 after partition, and were replaced by the Indian Muslim immigrants. In 1849, it was given the status of Tehsil and on 1st July 1993, its status was raised to that of a District.

Before this, it was a Tehsil of Gujranwala district. It has Tehsil Sub-division Pindi Bhattian as well. It includes in Police Region Gujranwala.

In the east of district Hafizabad, the boundaries of Tehsil Noshera Virkan and Tehsil Wazirabad (district Gujranwala) are joined. In the north-west, the river Chenab is flowing. The river separates district Hafizabad from district Mandi Bahuddin. In the north of district Hafizabad, there are boundaries of district Mandi Bahuddin, and in the west, Tehsil Bhalwal of district Sargodha. The boundaries of district Faisalabad, Nankana Sahib, Sheikhupura and Chiniot are also joined with the boundaries of district Hafizabad.

- Establish effective arrangements within the authority and force to ensure that our services are of good values.
- To develop more productive flexible workforce and improve our quality of service.
- To increase the percentage of police officers/officials in
- operational duties.

To achieve this encompassing target, we will set the following operational and administrative priorities;

INVESTIGATION

Separate investigation wing is functioning in the district and according to Police Order 2002, SP is a head of investigation. During the last year, it was ensured that every crime must be registered. In this regard every complaint for non-registration of FIR and court order was monitored. The defaulter officers who delayed the FIR were proceeded against. It was also ensured that every case is investigated on merit. Regular monitoring of each case was conducted and circle wise meetings of IOs were held in which each cases file was examined to ensure fair and impartial investigation. No pressure from either corner was accepted in this process. DSP/SDPO of this district has also given task to ensure free registration of case as well as fare investigation. It was also ensured that no torture-based investigation may be carried out and it was ensured to be conducted according to modern techniques. Same procedure will continue in the next year.

Improvement in detection of cases:

During the next year percentage of detection of cases under head crime against person, property and local & special law will be enhanced and it is decided to launch effective campaign for detection of un-traced cases by arresting criminals at large.

Transfer of investigation:

The procedure laid down in Article 18(6) of Police Order 2002 for the transfer of investigation is causing difficulties for the parties as the parties have to go to First Change of Investigation Through District Standing Board and for the Second change Investigation go to Range Office which has added a lot to their problems. It is recommended that the power of second change of investigation within the district may be given to the DPO and in this regard necessary amendment may be made in the relevant article. Now the procedure laid down in Article 18(6) of Police Order 2002, for the transfer of investigation is being followed.

During this year following measures will be taken to ensure fair and free registration. Citizen Facilitation 1058 Cal Centre have been established to receive the complaints of public. This cell will compare the FIR will calls received at 15 and wireless control and direct call of Complainant regarding information of crime and FIR registered at Police Station. In case of non-registration of FIR, strict action will be taken against the responsible. Refresher course to enhance the skill of I. Os will continue as it is giving good results.

Recommendation:

COMMENTS BY DPO HAFIZABAD

Public cooperation is of paramount importance for intelligence collection, combating crime, maintaining Law and Order and delivering justice. Its importance is increased particularly during Muharram, Ramzan or other periods of religious significance or political turmoil. With this objective no one can under estimate the significance of police-public relation. Therefore, we aim to keep ourselves in constant contact with medi-men, NGOs workers, public representatives, members of Peace/Mohafiz Committees and such other people representing the cross section of society.
